Welcome to MYCV!

A dynamic and visionary creative professional specializing in graphic design, front-end development, and content creation. Highly proficient in HTML5, CSS3, JavaScript, React, TypeScript and the Adobe Creative Suite, with a proven ability to craft visually stunning and highly responsive websites. Adept at blending creativity with technical expertise to produce engaging digital experiences and compelling visual content.

SKILLS

- **Frontend Developer:** Proficient in crafting responsive, intuitive, and user-centric interfaces using HTML, CSS, JavaScript, TypeScript and React. Skilled in leveraging version control tools like GitHub to streamline collaboration and ensure smooth project workflows.
- **Accounting & Financial Data Entry:** Accounting and Financial Data Entry specialist with a strong focus on accuracy and efficiency. Expert in Excel, QuickBooks, and financial record management, ensuring precise and seamless data processing.
- **Academic Writer:** I excel in creating meticulously researched, engaging, and expertly crafted content across various fields. Specializing in scholarly articles, essays, and research papers, I ensure every piece meets the highest academic standards for maximum impact and authority.
- **Graphics Design:** Skilled in Adobe Photoshop and Illustrator, with a robust portfolio showcasing branding, social media visuals, and promotional materials. Adept at translating concepts into visually striking designs that resonate with audiences and strengthen brand presence.
